

Grass Identification Workshop

Date: June 8 and 9, 2022
Time: 9:00 a.m. both days
Location: Cooper Mountain Nature House
18892 SW Kemmer Road
Beaverton OR 97007

Cost: \$395

Instructor: Drs. Barbara Wilson and Cindy Roché

Carex Working Group is pleased to offer a workshop on grass identification on June 8 and 9. This two-day workshop will emphasize grasses of Western Oregon. The first day will be spent in the lab learning grass morphology and terminology and keying fresh and dried material. Participants are encouraged to bring their own grasses to work on. The second day will be spent in the field and will emphasize field identification and ecology of grasses.

This workshop will be useful for resource managers, wetland consultants, natural area managers, restoration planners, and anyone who wants to cultivate an irrational passion for the less showy plant groups. Workshop participants should have basic plant identification skills.

Workshop Materials

Keys: We will supply a copy of "Field Guide to the Grasses of Oregon and Washington".

Other items to bring:

-) Dissecting tools (forceps, needle probe) if you have them
-) Notebook
-) Floras and grass identification resources (optional)
-) Appropriate field clothing: hat, raingear, etc.
-) Local grasses from your home area, to identify in the lab
-) Sack lunches

10X hand lenses and a limited quantity of dissecting tools will be provided.

This class is now full
