HT 303  
12000 SW 49<sup>th</sup> Ave  
Portland, Oregon  
PCC Campus Map: <http://www.pcc.edu/about/locations/sylvania/>  
Campus parking information: <http://www.pcc.edu/resources/parking/>

**Cost:** \$295

**Instructors:** Drs. Barbara Wilson and Cindy Roche'

Carex Working Group is pleased to offer a workshop on grass identification on June 15 and 16, 2017. This two-day workshop will emphasize grasses of NW Oregon. The first day will be spent in the lab learning grass morphology and terminology and keying fresh and dried material. Participants are encouraged to bring their own grasses to work on. The second day will be spent in the field and will emphasize field identification and ecology of grasses.

This workshop will be useful for resource managers, wetland consultants, natural area managers, restoration planners, and anyone who wants to cultivate an irrational passion for the less showy plant groups. Workshop participants should have basic plant identification skills.

### **Workshop Materials**

Keys: We will supply the latest CWG key to PNW grasses

Other items to bring:

- 10x hand lens
- Dissecting tools (forceps, needle probe) if you have them
- Notebook
- Floras and grass identification resources (optional)
- Appropriate field clothing: hat, raingear, etc.
- Local grasses from your home area, to identify in the lab
- Sack lunches (restaurants are available near PCC for the 1<sup>st</sup> day)

Dissecting microscopes and a limited quantity of dissecting tools will be provided.
